Education

Ewha Womans University, Seoul, Korea <i>B.S. in Electronic and Electrical Engineering</i>	<i>Mar 2017 – Feb 2024</i>
Yonsei University, Seoul, Korea <i>M.S. in Electrical and Electronic Engineering</i> <i>Computational Intelligence Laboratory (Advisor: prof. Euntai Kim)</i>	<i>Mar 2024 – Feb 2026</i>

Publication

Store Object Recognition using Deep Learning Approach Kangwon Seo, Yan Yizhuo, MinJeong Kim, YeonWoo Moon, Taein Lee, Jiwon Lee, Youjin Jeon , Hyohoon Choi, Suhyun Park	ICEIC 2024
High-Efficiency Segmentation System for Mobile Robot Operation in Manufacturing Factories Youjin Jeon , Kyusik Cho, Euntai Kim	KROC 2025
Semantic Segmentation Based Autonomous Flying Drone's Victim Recognition Algorithm in the Complex Terrain Junseok Lee, Youjin Jeon , Euntai Kim	ICROS 2025
PLUS: Pseudo-Label Upgrade Pipeline for Semantic Segmentation Youjin Jeon , Kyusik Cho, Euntai Kim	ICCAS 2025
A²LC: Active and Automated Label Correction for Semantic Segmentation Youjin Jeon [*] , Kyusik Cho [*] , Suhan Woo, Euntai Kim ([*] : Equal contribution)	AAAI 2026 (Accept rate: 17.6%)

Project

Development of core technology for mobile manipulator for 5G edge-based transportation and manipulation - Development of intelligent driving environment perception technologies for robust autonomous driving in complex environments - Funding: Ministry of Science and ICT (MSIT), Institute of Information & Communications Technology Planning & Evaluation (IITP), Korea	<i>Mar 2024 – Dec 2025</i>
--	----------------------------

Experience

Research Intern <i>Intelligent Sensing and Processing Laboratory, Ewha Womans University</i> - Study on Ultrasound Imaging and Physical Modeling - Dataset Acquisition and Labeling for Smart Cart Project	<i>Seoul, Korea</i> <i>Jul 2023 - Sep 2023</i>
Teaching Assistant <i>Yonsei University</i> ‘Advanced Machine Learning with Python’ ‘Knowledge and Text Analysis’	<i>Seoul, Korea</i> <i>Mar 2024 – June 2024</i> <i>Sep 2024 – Dec 2024</i>

Language & Skill

Languages: Korean, English

Skills: Python, Pytorch, C, Matlab
